Moutere Strawberries

We grow an old-fashioned juicy strawberry for the Nelson area, with that lovely sweet flavour that you remember from your childhood. We put this down to the quality of the water that we source from the Moutere aquifer and the ideal growing conditions. We consistently grow to improve the flavour of our berries.

Tasteology @

She will demonstrate how to make camellia's, roses and spring jonquils and invite people to make their own flowers with which we will make a sculpture that will permanently be on display in her garden for people to come back and see. Guest artist Deborah Walsh will be creating in the garden, with her copper wire dogs on display. She will be using some recently pruned hazelnut hedge to create artistic wonders.

Himmelsfeld Vineyard

Beth purchased her land in 1991 and today Himmelsfeld wines maintain a tiny but exceptional presence in the Nelson wine scene. Himmelsfeld cellars hold examples dating back well over a decade. This is a unique experience.
